ABOUT OMDIA

Omdia is a global technology research powerhouse, established following the merger of the research division of Informa Tech (Ovum, Heavy Reading, and Tractica) and the acquired Omdia technology research portfolio.* We combine the expertise of more than 400 analysts across the entire technology spectrum, covering 150 markets. We publish over 3,000 research reports annually, reaching more than 14,000 subscribers, and cover thousands of technology, media, and telecommunications companies. Our exhaustive intelligence and deep technology expertise enable us to uncover actionable insights that help our customers connect the dots in today's constantly evolving technology environment and empower them to improve their businesses—today and tomorrow.

*The majority of Omdia technology research products and solutions were acquired by Informa in August 2019 and are now part of Omdia.

Table of Contents

Chapter 1: Introduction, scope, and method

Chapter 2: Economic outlook

Chapter 3: Physical security equipment technology trends

- Video surveillance technology trends
- Access control technology trends
- Intruder alarm technology trends

Chapter 4: Security systems integration market trends

- Introduction to security systems integrators
- Key security systems integration trends
- Networking and IT challenges
- Security systems integration platforms
- Building management system platform integration
- GDPR and privacy
- Security equipment for business operations
- Video analytics

- Security as a Service (SaaS) business models
- Cloud managed services
- Cybersecurity
- Equipment price decline

Chapter 5: Security systems integration market data

- Security systems integrators market overview
- Security systems integration market data
- Competitive environment
