

OLED & Flexible Display Intelligence Service

Part of the Display Manufacturing, Technology & Components Service Area Package

This service offers the most frequent update and complete analysis on the OLED display industry, including the market dynamics of shipments, revenues, price trends, brand demand trends and the competitive landscape

“ OLED TV display market is expected to grow continuously with 8k resolution and rollable form-factor for the next 5 years. ”

Jerry Kang
Senior Principal Analyst

OLED & Flexible Display Intelligence Service

Part of the Display Manufacturing, Technology & Components Service Area Package

HOW OMDIA HELPS YOU

- Covers worldwide market dynamics, panel maker strategies, technology developments, and capacity forecasting

KEY QUESTIONS ADDRESSED

- What are the current and future OLED panel demand with each applications?
- What are the latest technologies for manufacturing OLED panel?
- What are the current OLED fab capacities of display suppliers and how will it change in the coming years?
- What are the strategies of each OLED panel suppliers?

Long-term OLED shipment forecast

OLED & Flexible Display: Deliverables

MARKET TRACKERS

— Quarterly —

- OLED & Flexible Display Technology Tracker

REPORTS

— Quarterly —

Quarterly reports on recent market issues, technical trends, Supply & Demand Forecast and Cost Analysis

ANALYST INSIGHTS

—Ongoing—

Analyst commentary on market shifts, technology and regional developments, vendors, events, and more.

PRESENTATIONS

—Quarterly—

Quarterly presentations on core issues in OLED industry

ANALYST ACCESS

—Ongoing—

For prompt responses to urgent and unique questions.

OLED & Flexible Display: Market Trackers & Reports

OLED & Flexible Display Technology Tracker

Semi-annual updates on the world-wide OLED display industry and this tracker includes all information on the global OLED industry (rigid to flexible, small to large size, production capacity).

Frequency: Quarterly

- 2 years history
- Corresponding quarter
7 year forecast

Regions

- Worldwide
- Including US/China/Japan/Korea/Taiwan

Delivered in XLS and PPT

- XLS Database: Shipments, revenue & prices by more detailed technologies
- PPT: Strategy, capacity & technology analysis

Coverage

- Panel Shipments
- Display prices by size & resolution
- Quarterly and annual forecast, historical data and analysis
- OLED display industry trends, technology and analysis
- Supply chain relationship dynamics, and the competitive landscape
- Detailed China market research

About Omdia's Display Manufacturing, Technology & Components Research

Industry's most comprehensive coverage of the display supply chain focusing on upstream segments of panel and manufacturing technologies, equipment, as well as materials, components, and costs.

Our research team is based in Asia with extensive years of experience and have previously worked at FPD companies. Omdia's primary research approach is surveying display supply chain companies, creating unique and highly data oriented analysis.

Strong focus in the "connect the dots" between various parts of the FPD industry, upstream, downstream, and to consumer electronics. Omdia research team deep dives of the many niche markets and technologies that characterize the front end of display industry.

ABOUT OMDIA

Omdia is a global technology research powerhouse, established following the merger of the research division of Informa Tech (Ovum, Heavy Reading, and Tractica) and the acquired Omdia technology research portfolio*. We combine the expertise of more than 400 analysts across the entire technology spectrum, covering 150 markets. We publish over 3,000 research reports annually, reaching more than 14,000 subscribers, and cover thousands of technology, media, and telecommunications companies.

Our exhaustive intelligence and deep technology expertise enable us to uncover actionable insights that help our customers connect the dots in today's constantly evolving technology environment and empower them to improve their businesses—today and tomorrow.

* The majority of Omdia technology research products and solutions were acquired by Informa in August 2019 and are now part of Omdia.
