

Gearboxes & Geared Motors Report - 2022

Part of the Electric Motor Systems Service Area Package

Comprehensive tracking, analysis and forecasts on the gearboxes and geared motors market.

Gearboxes & Geared Motors Report

Part of the Electric Motor Systems Service Area Package

HOW OMDIA HELPS YOU

- Size the markets for gearboxes and geared motors
- Understand the market dynamic of different products by region
- Analyze competitive environment of the gearboxes/geared motors market
- Understand the latest strategies for different products and applications

KEY QUESTIONS ADDRESSED

- What are the size, share, and forecasts for the gearbox and geared motor markets?
- How will the economic environment in 2021 and 2022 affect the market for industrial geared products in the future?
- What product types and applications are seeing a growth or decline?
- How are global affairs and events affecting the industrial geared product market?

The market for gearboxes and geared motors by major region: World

Data issued: November 2022

Gearboxes & Geared Motors: Research Coverage

FREQUENCY: Annual

- 2021 base year
- 5-year annual forecast (2022 - 2026)

MEASURES

- ASP
- Market Share
- Revenue
- Unit shipments

REGIONS

- Americas
- Asia & Oceania
- EMEA

REVENUE, UNITS AND ASP SEGMENTS

- Country
- Industry
- Motor Type
- Region
- Sales Channel
- Sub-product type
- Torque Ratings

SALES CHANNEL

- Direct to End-user
- Direct to Motor Manufacturer
- Direct to OEM
- Direct to Systems Integrator
- Via Distribution/Partner

GEARED MOTOR TYPE

- AC Induction (<IE2)
- AC Induction (IE2)
- AC Induction (IE3+)
- AC Synchronous
- DC Brushed
- DC Brushless
- Other

GEARBOXES & GEARED MOTORS PRODUCTS

- Bevel/Hypoid
- Helical/Spur (In-line)
- Helical/Spur (parallel/offset)
- Planetary
- Worm

CONTINUOUS TORQUE

- <500 Nm
- 501 – 1,000 Nm
- 1,001 – 10,000 Nm
- 10,001 – 20,000 Nm
- 20,001 – 50,000 Nm
- 50,0001 – 100,000 Nm
- 100,001 – 200,000 Nm
- 200,001 – 500,000 Nm
- 500,001 – 1,000,000 Nm
- 1,000,001 – 5,000,000 Nm
- >5,000,001 Nm

PROCESS INDUSTRIES

- Cement & Aggregates
- Chemicals
- Food, Beverage & Tobacco
- Metal Processing
- Mining
- Oil & Gas
- Other Process Sectors
- Pharmaceuticals
- Power Generation
- Water & Wastewater

DISCRETE INDUSTRIES

- Automotive
- Food, Beverage & Tobacco
- Marine
- Materials (Unit) Handling
- Materials (Bulk) Handling
- Other Discrete Sectors
- Packaging & Labeling
- Paper & Paperboard
- Rail
- Rubber & Plastics

REGIONS

Americas

- Brazil
- Canada
- Mexico
- Rest of Americas
- US

EMEA

- Africa
- Austria
- Benelux
- France
- Germany
- Italy
- Nordic Countries
- Poland
- Rest of Europe
- Rest of Middle East
- Russia
- Spain
- Switzerland
- Turkey
- UK

Asia & Oceania

- China
- India
- Japan
- Oceania
- South Korea
- Rest of Asia & Oceania
- Taiwan

About Omdia's Manufacturing Research

Omdia's Manufacturing Technology research group consists of reports that provide its customers with reliable market intelligence on a broad scope of industrial automation equipment. As a major contributor to global electricity consumption, automation equipment manufacturers are now having to adapt to a more energy efficient and connected world. As the hardware covered by the Manufacturing Technology group continues to become commoditized, Omdia looks to present the story of how manufacturers are altering their business models in order to offer unique services and solutions.

This portfolio of Omdia's Manufacturing vertical aims to continue to provide a consistent view of these mature markets while exploring the technological trends brought on by an inevitable shift toward more digital strategies. As more end users embrace the benefits that can be attained through the Industrial Internet of Things, Omdia will continue to track the growth of connected equipment and how this will affect the competitive landscape of the manufacturing technology environment.

Our “Ask an Analyst” Service Provides Best in Class Customer Support

Whether you need guidance to navigate the service, information regarding our methodologies or you want to better understand a data trend, Omdia’s support team is here to help.

Draw on our expertise

- Make the right decisions
- Sanity-check your own findings
- Get the most out of your subscription
- Understand more about our methodologies

Our Ask an Analyst service gives you direct contact via telephone, email or face-to-face session with our expert analyst team:

ABOUT OMDIA

Omdia is a global technology research powerhouse, established following the merger of the research division of Informa Tech (Ovum, Heavy Reading, and Tractica) and the acquired Omdia technology research portfolio*. We combine the expertise of more than 400 analysts across the entire technology spectrum, covering 150 markets. We publish over 3,000 research reports annually, reaching more than 14,000 subscribers, and cover thousands of technology, media, and telecommunications companies.

Our exhaustive intelligence and deep technology expertise enable us to uncover actionable insights that help our customers connect the dots in today's constantly evolving technology environment and empower them to improve their businesses—today and tomorrow.

* The majority of Omdia technology research products and solutions were acquired by Informa in August 2019 and are now part of Omdia.
