

Display Dynamics Spotlight Service

A Spotlight Service Complementing the Large Area Display and Supply Chain Service Area Package

The Omdia Display Dynamics Spotlight Service offers timely information and analysis covering major issues in the display industry. Instant analysis of hot topics and developments in the LCD and OLED industries, along with display applications such as smartphones, tablets, TVs, monitors, notebooks, public displays and handheld applications are covered in detail.

“ The service allows subscribers to constantly stay current with the latest industry and market development of the overall display industry through access of dozens of analyst insights published each month. ”

Ricky Park

Senior Principal Analyst

Display Dynamics Spotlight Service

A Service Area Complementing the Large Area Display and Supply Chain Service Area Package

HOW OMDIA HELPS YOU

- Stay abreast of the rapidly changing displays industry with news articles, product presentations and conference information
- Get insight into how current industry developments may impact your business with expert insights from our global team of analysts
- Helps you make critical decisions in the continually evolving worldwide display market by providing the data and repost

KEY QUESTIONS ADDRESSED

- What is the production plan of each panel maker?
- What is the utilization and inventory management strategy of each panel maker?
- How many panels is each panel maker shipping? And what is their shipment plan for the next three months?
- What is the current inventory level and forecast for panel makers? Are they at risk of excessively piling up inventory or running very low compared to the stable inventory level?
- How will the market be changed by inventory trends in the near future?

For prompt responses to urgent and unique questions.

Display Dynamics Spotlight Service: Market Report & Database

Display Strategic Outlook Market Brief

Monthly report analyzing the display industry, including components, materials, panels, OEM/Brands and end market.

DETAILS

Frequency: Monthly

Coverage

- Display, LCD, OLED, flexible, transparent, and touch
- TV, notebook, tablet, desktop monitor, smartphone, public display, and automotive
- OEM, brands, components, supply, demand, prices, fabs
- Shipments, inventory, price forecasts, brand production and a sell-through watch
- Large display, small medium and component markets trends, drivers, outlooks

Display Strategic Outlook Database

Monthly database that provides worldwide data on display shipments, FAB utilization, inventory, price forecasts, supply chain activity, component supply demand, OEM/ODM shipment, brand production and a sell-through watch.

DETAILS

Frequency: Monthly

Coverage

- Display, LCD and OLED
- TV, notebook, tablet, desktop monitor and smartphone
- OEM, brands, components, supply, demand, prices, fabs
- Shipments, inventory, price forecasts, brand production and a sell-through watch
- Large display, small medium and component markets trends, drivers, outlooks

Display Dynamics Spotlight Service: Market Data

Display Dynamics Market Summary

Market data is providing the detail database for TFT-LCD and AMOLED display including panel shipment, inventory, price, FAB utilization and SCM. Furthermore, OEM/ODM, brand production plan and end market trend is also provided.

DETAILS

Frequency: Monthly

Measurements

- Panel Shipments Units by Application
- Inventory Weeks by Key Applications
- Panel Prices (\$US)
- Fab Utilization Rate (%) by suppliers and Gen.
- Supply Chain Analysis
- OEM/ODM Shipments Forecast Units by Key Applications
- Brand Production Forecast Units by Key Applications
- SET Inventory by Key Applications
- Sell-through Watch
- Component Supply Demand

Regions

- China
- Korea
- Japan
- Taiwan

Technologies

- All display technologies
- LCD display
- OLED display

Applications

- Smartphones
- Tablets
- TVs

ABOUT OMDIA

Omdia is a global technology research powerhouse, established following the merger of the research division of Informa Tech (Ovum, Heavy Reading, and Tractica) and the acquired Omdia technology research portfolio*. We combine the expertise of more than 400 analysts across the entire technology spectrum, covering 150 markets. We publish over 3,000 research reports annually, reaching more than 14,000 subscribers, and cover thousands of technology, media, and telecommunications companies.

Our exhaustive intelligence and deep technology expertise enable us to uncover actionable insights that help our customers connect the dots in today's constantly evolving technology environment and empower them to improve their businesses—today and tomorrow.

* The majority of Omdia technology research products and solutions were acquired by Informa in August 2019 and are now part of Omdia.
