*Part of the Media & Entertainment Service Area Package*

**HOW OMDIA HELPS YOU**

- Detailed analysis of box office, admissions, digital cinema, digital technology, film production and cinema exhibition of 62 territories worldwide (representing over 97% of the World’s box office)

- Tracking of screens, sites, projectors, 3D systems, servers, PLF choices, admissions, box office, 4D and IMS

- Overview of distributor data, including market shares

- Overview exhibitor profiles and evolution of screens and sites

**KEY QUESTIONS ADDRESSED**

- Which countries have the largest box office markets, and which are in growth or decline?

- How many films are released in a market? What is the split between US and domestic titles? Who are the leading distributors?

- How many feature films are produced in a country?

- How many screens are in a market, and how many of those are multiplex? What is the 'screens by site' breakdown in that country?

- How many 3D screens are in a country and what proportion of total screens does that account for? Is this number in decline or growth?

- Who are the leading exhibitors in a country, how many sites and screens do they have and how is this evolving?

- What projector and server manufacturers are present in a country and what are their market shares?

- What and how many premium cinema technologies are present in a country and how is this figure evolving?
