A Spotlight Service Complementing Media & Entertainment Service Area Package

Critical data, analysis and information needed to understand, direct and build global businesses across the games sector value chain. Games Spotlight Service offers comprehensive coverage of the games sector. It provides ongoing access to a continuous flow of research across geographies, topics and application areas.

“"No other area of media and entertainment can combine the growth and scale of video games. With the space increasingly opening to non-native players, having the right information will prove the critical difference between success and failure.”

Dom Tait
Practice Leader, Games, Music and Audio
Games Spotlight Service

A service complementing the Media & Entertainment Service Area Package

**HOW OMDIA HELPS YOU**

- A strategic view of the complete global games opportunity and its ecosystems including emerging markets analysis.
- A tactical by territory view of games content and games hardware opportunities by each and every segment of the market.
- Industry competitive dynamics including company and title performance, content pricing analysis, funding and acquisition analysis.
- This service is an upgrade from our standard Games Intelligence Service

**KEY QUESTIONS ADDRESSED**

- How many games consoles remain active each year, and how many are connected to the internet?
- Which mobile games earn the most revenue each month, by country and platform?
- How are PlayStation, Xbox and Nintendo retailing games via first-party online stores? And what are their pricing patterns?
- What's the broader addressable market for games, beyond consoles – such as smartphones, tablets, streaming STBS, smart TVs, and so on?
- How much money is spent on VR content, by platform, each year?

ABOUT OMDIA

Omdia is a global technology research powerhouse, established following the merger of the research division of Informa Tech (Ovum, Heavy Reading, and Tractica) and the acquired Omdia technology research portfolio*. We combine the expertise of more than 400 analysts across the entire technology spectrum, covering 150 markets. We publish over 3,000 research reports annually, reaching more than 14,000 subscribers, and cover thousands of technology, media, and telecommunications companies. Our exhaustive intelligence and deep technology expertise enable us to uncover actionable insights that help our customers connect the dots in today’s constantly evolving technology environment and empower them to improve their businesses—today and tomorrow.

* The majority of Omdia technology research products and solutions were acquired by Informa in August 2019 and are now part of Omdia.
