Entrance Control Equipment for Door Automation Report - 2023

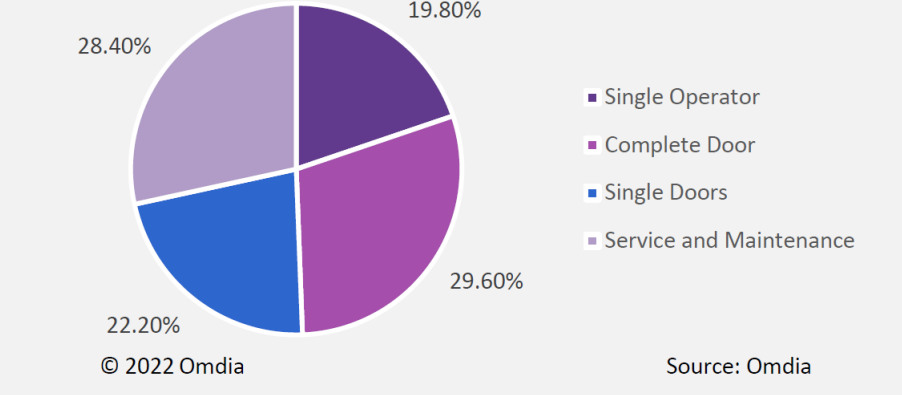

Publishing March 2023

This report is part of Omdia’s comprehensive coverage of the global entrance control equipment market, entrance control and door automation.

Omdia will be publishing its next edition of a report titled *Entrance Control Equipment for Door Automation –2023*. The report will be developed using a variety of sources, the core of which was composed of primary research interviews, Detailed discussion and analysis supports the market data and forecast information across three hardware types, 13 end-user industries and six geographic regions.

The report provides a clear outlook of market sizes, growth forecasts, market trends, and the competitive landscape of this industry and gives vendors and other stakeholders crucial insight into the opportunities of the market over the forecast period.

Global Market for Door Automation Equipment & Services, 2018 Revenues

Entrance Control Equipment for Door Automation: Report Coverage

KEY ISSUES ADDRESSED

What is the current size of the global market for door automation equipment? How does this differ by region?

Who are the leading suppliers for each product type in each region? Which companies have lost or gained market share?

How is the entrance of low-cost suppliers changing competitive landscape?

Which vertical markets offer the most growth potential?

What are the growth opportunities in each product market and why?

What are the new technologies being used in product development?

COVERAGE

Frequency, Time Period

- 5-year annual forecast (2022 -2026)
- Base year (2021)

Measures

- Revenues
- Unit shipments
- Average selling price (ASP)

Market share analysis by

- Product category
- Single operator type
- Complete door type

Regions

- Americas
- EMEA
- Asia

By Product, By Region

North America
Latin America
Western Europe
Eastern Europe
Middle East and Africa
Asia

Regional Economic Outlook

Construction analysis
Legislation changes
Economic overview

Products Covered

Single Operators

Sliding, Swinging, Industrial

Complete doors

Sliding, Revolving, Industrial

Single Doors

Sliding, Swinging, Industrial

Service and maintenance

Vertical Market

Airports
Banking and finance
Education
Government buildings
Hospitals and healthcare
Hotels and restaurants
Industry
Leisure and entertainment
Metro (includes all rail)
Office buildings
Ports and harbours
Stadium
Retail
Other transport
Other

APPLICABLE TO

- Device manufacturers
- Module and Component Suppliers
- Semiconductors
- IP owners and developers
- Security distributors
- Within organizations:
 - Product management
 - Marketing
 - C-Level executives

Table of Contents

Executive Summary

Chapter 1 -Introduction, scope, methodology

- Introduction and scope
- Geographic regions
- Product definitions
- End-user sector definitions
- Forecast method
- Data collection –methods and sources

Chapter 2 –Global market for door automation equipment

- Base year 2021 and forecast
- By product type
- By region

- Trends
 - Construction
 - Economic outlook
 - Mergers and acquisitions
 - Retail
 - Technology
 - Regulations

Chapter 3 –Product / service breakdown

- Single Operator
- Complete Door
- Single Doors
- Service & Maintenance

Chapter 4 –Geographic regions

- Americas
- EMEA
- Asia

Chapter 5 –End User

- Healthcare facilities
- Airport & Metro
- Retail

Chapter 6 –Competitive landscape

- Market shares

Our “Ask an Analyst” Service Provides Best in Class Customer Support

Whether you need guidance to navigate the service, information regarding our methodologies or you want to better understand a data trend, Omdia’s support team is here to help.

Draw on our expertise

- Make the right decisions
- Sanity-check your own findings
- Get the most out of your subscription
- Understand more about our methodologies

Our Ask an Analyst service gives you direct contact via telephone, email or face-to-face session with our expert analyst team:
