This document outlines the proposed scope for the 2022 edition of this report on the physical security service market.

This is the second edition of the report titled VSaaS and ACaaS report - 2022. This report integrate access control as a service with video surveillance as a service to offer a complete perspective on the global market for cloud physical security services.

The report provides an in-depth analysis of the SaaS market. Estimates and forecasts are provided for video surveillance as a service (VSaaS) and access control as a service (ACaaS) revenues across 20 regions and sub-regions. This research also divides these markets between 5 vertical markets (for VSaaS revenues) and 9 vertical markets (for ACaaS revenues). Data will also be included that divides both VSaaS and ACaaS markets by provider and service types. The report will also include qualitative analysis that evaluates emerging market trends and explores how factors such as the convergence of VSaaS and ACaaS solutions, growing consumer awareness, legislation, cybersecurity threats and the impacts of the COVID-19 pandemic will affect the growth of both VSaaS and ACaaS markets.
### KEY ISSUES ADDRESSED

### METHODS

- What is the total size of the PSaaS market, and how is this market split between VSaaS and ACaaS solutions?
- Which regional and end-user sectors will grow the fastest over the next five years?
- Who are the leading global providers of VSaaS and ACaaS solutions?
- Will VSaaS and ACaaS solution offerings converge over the forecast period? What are the potential benefits and drawbacks of convergence?
- How will the market be affected by key factors such as bandwidth, costs, privacy and cybersecurity, customer awareness and the COVID-19 pandemic?
- Which solution types will be the most popular over the forecast period?
Report Coverage

By Product Type

- Video surveillance as a service
- Access control as a Service
- Remote monitoring
- DIY/smart home as a service add ons
- Initial capex hardware
- Credentials (for ACaaS)

By Provider types

VSaaS

Solution providers
- Alarm-monitoring companies
- Communications companies
- Systems integrators/distributors

Technology providers

ACaaS
- Dedicated ACaaS companies
- Alarm-monitoring companies
- Credential management companies
- Systems integrators

By Solution Type

- Hosted solutions
- Managed solutions
- Hybrid solutions

By Industry

VSaaS
- Residential
- Small and mid-sized commercial
- Enterprise-level commercial
- Retail and quick-service restaurants
- Government

ACaaS
- Residential
- Small and mid-sized commercial
- Enterprise-level commercial
- Retail
- Property management
- Government
- Healthcare
- Education
- Utilities

By Billing Type (for ACaaS solutions)

- Billing per door
- Billing by user, site or transaction

By sales of hardware

- Initial capex hardware (further divided into 5 ACaaS hardware types)
- Service included hardware

By Industry

VSaaS
- Residential
- Small and mid-sized commercial
- Enterprise-level commercial
- Retail and quick-service restaurants
- Government

ACaaS
- Residential
- Small and mid-sized commercial
- Enterprise-level commercial
- Retail
- Property management
- Government
- Healthcare
- Education
- Utilities

Countries - Total Market

- World
- Americas (further divided into 4 sub-regions)
- Europe, the Middle East and Africa (further divided into 9 sub-regions)
- Asia (further divided into 7 sub-regions)
