OMDIA

Display Fingerprint Technology & Market Report - 2022

The annual Touch Panel Cover Lens, CPI & UTG Report offers a comprehensive analysis of cover lens market forecasts on almost all consumer and commercial applications, technologies, and industry trends.

This annual report provides cover lens shipments for consumer applications and a five-year forecast. The report includes an analysis and data in pivot table format of different applications, cover materials, shape, location, and sizes.

The report also reviews topics related to the cover lens industry, 3D cover lens finishing, glass ceramic development, composite material development, flexible cover lens (CPI&UTG) development, automotive cover lens, cover lens suppliers and finishers and more, which enables subscribers to see the dynamics of the whole cover lens, CPI & UTG industry.

Additionally, this report includes 29 cost models and analysis that enable subscribers to see the key elements that have an impact on the total cost of cover lens common to the industry.

Report Coverage

KEY ISSUES ADDRESSED	COVERAGE		APPLICABLE TO
<ul style="list-style-type: none"> • Cover lens end market forecast for application in shipment, revenue and area • Cover lens material market forecast for application in shipment, revenue and area • Comprehensive pivot parameters for data break-down and handy use • Detailed cover lens manufacturing process, coating, technologies introduction • Cover lens cost modeling and what factors have a significant impact on total cost 	<p>Frequency, Time Period</p> <ul style="list-style-type: none"> • Annual update • Two-year result, & five-year forecast <p>Measures</p> <ul style="list-style-type: none"> • End market demand and forecast for major consumer applications by different parameters • Material market demand and forecast for major consumer applications by different parameters • Material classify (Al-Si, Soda lime, Plastic, Sapphire, ceramic, colorless PI, composite board) • Shape classify (2D, 2.5D, 3D, foldable) • Cover glass manufacturing process • 3.5D cover glass development • Surface coating • Cover lens cost modelling and parameter impact analysis 	<p>Vertical Markets Covered</p> <ul style="list-style-type: none"> • Cover lenses for major consumer and commercial applications <p>Technologies Covered</p> <ul style="list-style-type: none"> • Cover lens manufacturing process • New materials for flexible cover lens • Surface coating treatments • 3D cover lens finishing • Glass ceramic development • Composite board finishing • Automotive cover lens <p>Regions, Markets</p> <ul style="list-style-type: none"> • Asia Pacific, EMEA, Americas 	<p>Brand manufacturers, OEMs, ODMs for mobile phones</p> <ul style="list-style-type: none"> • Procurement managers for display components <p>Display/touch module suppliers</p> <ul style="list-style-type: none"> • Product planning managers • Procurement managers for display components <p>Cover lens finishers suppliers</p> <ul style="list-style-type: none"> • Product marketing intelligence managers • Procurement managers for components <p>Cover lens material suppliers</p> <ul style="list-style-type: none"> • Product marketing intelligence managers <p>Investment community</p> <ul style="list-style-type: none"> • Fund managers, investors, analysts with an interest in the cover lens industry

Table of Contents

- **Key findings**
- **executive summary**
- **Cover lens demand and market forecast**
 - End-market forecast overview
 - End-market forecast by application
 - Material market forecast overview
 - Material market forecast by material
 - Material market forecast by shape and location
- **Cover lens cost model**
 - Remarks for cost model
 - Cost models for major applications
 - Cover glass cost trend analysis
 - Forming and cover glass cost
 - Surface coating and cover glass cost
- **Foldable cover lens: Ultra-thin glass VS Colorless polyimide**
 - Foldable device form factor
 - Current foldable cover lens solutions
 - Ultra-thin glass: Characteristics and finish process
 - Foldable adhesive selection
- **The evolution of cover lens raw materials**
 - Market & Technology analysis of glass ceramic
 - Development of cover glass raw material
 - Composite material for rear cover
 - Soda lime for screen protector glass
- **Cover glass finishing and cosmetic decoration trends**
 - Cover glass finishing process
 - Market position of 2D, 2.5D, 3D shape cover
 - Cosmetic development for cover glass
- **Surface coating development trends**
 - AR/AG coating treatments
 - AF/AS, anti-microbial coating treatments
 - Hard coating treatments
- **Automotive cover lens form factor**
 - Evolution of auto center stack display (CSD)
 - Development of automotive CSD cover lens
 - Adhesive selection for automotive bonding
- **Cover glass supply chain**
 - Major raw glass suppliers
 - Major cover glass finishers
 - Major China equipment suppliers
- **Methodology and Definitions**

Thank you
