

Display Driver IC Market Tracker

Comprehensive quarterly insights into the Display Driver IC market for LCD and AMOLED panels. Track supplier share, pricing, and tech shifts to make sharper, faster decisions.

Key Questions Answered

- What are the latest technology developments, pricing trends, and supply chain dynamics for TFT LCD and OLED driver ICs?
- How are driver ICs enhancing display performance across flat panel applications?
- What semiconductor process nodes are used across different display driver IC applications?
- How are driver IC suppliers responding to the growing demand for high-resolution displays?
- What are the emerging technologies and supply chain trends shaping the AMOLED driver IC market?

What We Offer

- Detailed quarterly analysis of TFT LCD and AMOLED driver IC markets across all flat panel display applications
- Shipment, pricing, and revenue data with forecast insights to support strategic planning
- In-depth view of the value chain, with relationships between driver IC vendors and panel makers
- Market share estimates of leading suppliers across segments and geographies
- Coverage of wafer foundry activity, semiconductor process nodes, and interface developments
- Technology evolution tracking, including high-resolution trends and display performances
- Insights into supplier strategies, innovation timelines and key supply chain dynamics

Queenie Jiang

*Senior Analyst,
Display Driver IC and
China components*

Tadashi Uno

Display Components &
Cost*

Jimmy Kim

*Principal Analyst,
OLED Materials, Mini
LED & Quantum Dot*

Irene Heo

*Principal Analyst,
Display Optical Film &
Driver IC*

SPEAK WITH OUR EXPERTS

Comprehensive coverage of the display supply chain

Scope of Research

Frequency: Quarterly update

Measures:

- Revenue
- Units
- Average selling price (\$US)

Data Coverage:

- Market share (Including fabless market share)
- Market share by large and small/medium display application
- Total shipments and revenue by application
- LCD tablets
- LCD monitors
- LCD notebooks
- LCD TVs
- LCD mobile phones
- AMOLED mobile phones
- Other large applications
- Other small applications
- Driver IC specifications for main panels
- Driver IC suppliers Semiconductor suppliers Investment Community
- Fund managers / investors / analysts with interest in display companies
- Panel suppliers
- Materials/components Procurement division
- Panel development division Brand manufacturers/OEMs/ODMs
- Panels and materials/components procurement division

Driver IC market shares: including fabless companies

Driver IC value chain

Driver IC shipments and revenue:

- LCD tablets
- LCD monitors
- LCD notebooks
- LCD TVs
- LCD mobile phones
- AMOLED mobile phones
- Other small applications
- Other large applications

AMOLED Driver IC

Driver IC requirements: number of driver chips required by resolution

Driver IC price trends

Driver IC technology roadmap & trends
