

Semiconductor Competitive Landscape (CLT) Spotlight Service

Comprehensive supplier benchmarking and market forecasts across 140+ devices and 6 key semiconductor segments.

Key Questions Answered

- What is the overall size of the semiconductor market?
- Who controls which market segments?
- What technology is growing?
- How has a company's semiconductor product focus shifted recently?
- What are a company's technology and market application strengths?
- View market by company headquarter location?

What We Offer

- Uncover how leading and emerging companies are performing and how they rank across key segments
- Identify potential disruptors and rising players that could reshape the competitive landscape
- Spot strategic partnerships and alliances that may strengthen or shift market dynamics
- Benchmark your organization against peers to refine positioning and reduce competitive risk

The most comprehensive semiconductor market share service in the industry. Benchmark your organization's performance and market share, optimize your product portfolio to maximize ROI – using the CLT's robust and comprehensive data-set.

Practice Leader

SPEAK WITH OUR EXPERTS

Delivering competitive analysis of the worldwide semiconductor market

Key Deliverables

Analytical Database Tool Reports

Customizable views of application equipment and semiconductor device markets with extensive data sets, delivered in Excel and through TRAX, our interactive online analysis platform.

Analyst Access (On going)

Get on demand analyst access via our best in **Ask An Analyst** service to support you accelerate your speed-to-insight.

Scope of Work

- Comprehensive quarterly view of supplier dynamics across the global semiconductor industry
- Covering **248** companies, **142** semiconductor device segments and **6** key application markets, the service provides deep, comparative insights into market share, growth and performance by region, device and application
- Global and regional databases track quarterly and annual revenue, market rankings and strategic positioning including fabless and IDM, alongside coverage of major **M&A activity** and emerging players reshaping the competitive landscape

Coverage includes:

- **Companies:** 248 suppliers, including top players like Intel, Samsung, NVIDIA and more
- **Devices:** Memory, Logic, Microcomponents, Analog, Discretes, Optical, Sensors & Actuators
- **Applications:** Data Processing, Communications (Wired & Wireless), Consumer, Automotive, Industrial
- **Regions:** Worldwide, Americas, EMEA, Japan and Asia-Pacific
- **Metrics:** Market share, revenue, company rankings, strategic insights

This service helps stakeholders benchmark performance, identify competitive threats, spot M&A signals and evaluate emerging innovators.
